

THE CLUB FOR ENTHUSIASTS OF

B. L. T. N.

"Better Late Than Never"

LATE MODEL AIR COOLED VOLKSWAGENS

**We are a group of ENTHUSIASTS who know how to appreciate vintage
late model air-cooled Volkswagens.**

(Yes, they are vintage, any vehicle 25 years or older. RIGHT?)

When: Every Thursday night from 7:30 – 10:00 pm

Where: Mountain Mike's Pizza, 5229 Stevens Creek Blvd,
Santa Clara, CA 95051 (at Lawrence Expressway.) just off 280

We have noticed a lack of late model clubs & we're doing something about it.

We own late model air cooled Volkswagens and...

WE LOVE THEM...!!!!

Our club boasts some of the best "show quality" daily drivers that you will ever see of any year. Our members have won awards at numerous shows, been photographed for calendars & have had articles written about them in the magazines that you read.

We welcome models of all years but hold a special place in our hearts for those over looked & underrated "68" and younger cars. Please feel free to come out and visit us, you won't be disappointed. We are very friendly & open-minded & in the end we just want to enjoy each other's cars & company & have a good time.
